

Trade Price Conservatories Launch UK Industry Leading Payment Plan

December 10th 2007 – Bournemouth, UK - Trade Price Conservatories has seen its volume of clients explode over the past two years since opening for business, with a clear mission statement of supplying DIY conservatories to the public user at trade prices.

They have recently introduced the 50:50 payment plan, which is un-rivalled in the market. When making the order a customer pays £50 deposit to secure the conservatory price and receive the base plans. Once the customer is then ready to complete the order a 50% payment of the final value is taken, followed by then remaining 50% upon delivery confirmation of the conservatory. Karl commented "Our customers really appreciate the trust we have in them by sending them out the conservatory with only 50% of the price paid, giving them piece of mind and total satisfaction, as they often tell us".

Trade Price Conservatories are a leading supplier of DIY conservatories nationwide in the UK. To see their product range and for more information of the 50:50 payment plan see the company website at <http://www.tradepriceconservatories.com>.
